

Game Theory theories and concepts:

- Nash Equilibrium
- Dominant Strategy Theory
- Minimax Theorem
- Expected Utility Theory
- Bayesian Game Theory
- Evolutionary Game Theory
- Matching Theory
- Cooperative Game Theory
- Non-Cooperative Game Theory
- Repeated Games Theory
- Bargaining Theory
- Mechanism Design Theory
- Social Choice Theory
- Auction Theory
- Signaling Theory
- Screening Theory
- Coalition Theory
- Shapley Value Theory
- Core Theory
- Folk Theorem

Important theories for a Master's-level Game Theory course are:

- Nash Equilibrium
- Bayesian Game Theory
- Evolutionary Game Theory
- Matching Theory
- Mechanism Design Theory
- Auction Theory
- Bargaining Theory
- Cooperative Game Theory
